

## **MALE FIGURE LIGHTING WORKSHOP INTENSIVE**

This workshop will be limited to 6 people to allow you extra time and opportunities.

The content of this workshop will cover a creative study in lighting for the male body shape and form.

Using a variety of different styles of lighting, including rim lighting, high key, low key and use of projection. Tutor, Jon Gray will be explaining and demonstrating each technique and then you will be working one to one with the male model. Jon will also be on hand to offer a critique and advice on your images throughout the day.

All Lighting, flash triggers, Modifiers Lighting gels and reflectors will be supplied.

### **What to bring:**

A DSLR camera and 24 to 105mm lens or prime lenses; 50mm, 80mm 100mm. A tripod if you have one, a cable release, spare memory and fully charged batteries.
